A Better Experience

We’re so much more than windows

OUR MISSION: GETTING IT RIGHT EVERY TIME

As one of the nation’s largest suppliers of high-quality windows for existing and newly built homes, our customers count on us to provide a proven product backed by exemplary customer service that goes above and beyond expectations. We do so much to ensure a positive experience for homeowners, our professional partners, and our team members—from the relationships we build, to the relentless attention to detail that goes into every window we make.

Each of our products are designed and fabricated with precision and integrity in mind to ease the selection process and ensure you get windows that will perform and add value for years to come. At MI, we are committed to providing a positive, reliable buying experience from start to finish and pride ourselves on delivering your windows on time, accurate, and complete.

Our dedicated team strives for 100% every day and we do not consider our job complete until our windows are installed in the home. By building relationships through an accessible and service-oriented approach, we are setting a higher standard for fenestration products throughout the industry. Working with MI you can expect:

- Attentive support before and after the sale
- A nationwide network of distributors and dealers
- A wide breadth of precision-built products
- Reliable deliveries that are on-time, accurate, and complete
Leading the way

Relentlessly tested so nothing is left to chance

Our state-of-the-art facilities, one-of-a-kind quality management program, and robust in-house test walls help ensure we meet and often exceed industry standards. In fact, our test wall is one of the most extensive in the industry, allowing us to conduct comprehensive tests where we can rapidly analyze and refine our products.

Our engineering team also conducts several additional tests that go beyond what’s required for American Architectural Manufacturers Association (AAMA) and National Fenestration Rating Council (NFRC) certifications, including sealant, vinyl impact, cold-weather performance, and more. The result is a superior product that you will enjoy for years to come.
Complete Product Line

Our entire collection of aluminum new construction and replacement products provides a breadth of options, allowing you to add a unique look to any project. With the flexibility to select from single-hung, single-slider, fixed, architectural shapes, and sliding glass doors, homeowners are able to customize their home to be uniquely theirs.
185 Single-Hung

FEATURES & BENEFITS
- Dual-pane insulated glass helps maintain constant interior temperatures year-round
- Warm-edge spacer system maximizes energy efficiency and improves seal performance of insulated glass units
- Sweep lock system at meeting rail helps maintain the home’s security
- Interlock at meeting rail helps reduce air infiltration
- Durable, aluminum construction results in high DP ratings
- Optional StormArmor impact-resistant product enhancement is ideal for coastal applications

PRODUCT DETAILS
- 2” frame depth
- 2” sill height
- 5/8” insulated glass unit
- Fin and ½” (Florida) flange frames available

188 Single-Slider

FEATURES & BENEFITS
- Dual-pane insulated glass helps maintain constant interior temperatures year-round
- Warm-edge spacer system maximizes energy efficiency and improves seal performance of insulated glass units
- Sweep lock system at meeting rail helps maintain the home’s security
- Interlocking sashes help reduce air infiltration
- Durable, aluminum construction results in high DP ratings
- Optional StormArmor impact-resistant product enhancement is ideal for coastal applications

PRODUCT DETAILS
- 2” frame depth
- 5/8” insulated glass unit
- Fin and ½” (Florida) flange frames available
185PW Fixed Picture Window

FEATURES & BENEFITS
- Dual-pane insulated glass helps maintain constant interior temperatures year-round
- Warm-edge spacer system maximizes energy efficiency and improves seal performance of insulated glass units
- Exterior glazed
- Optional StormArmor impact-resistant product enhancement is ideal for coastal applications

PRODUCT DETAILS
- 2” frame depth
- ⅜” insulated glass unit
- Fin and ½” (Florida) flange available

185SP Fixed Architectural Shaped Window

FEATURES & BENEFITS
- Dual-pane insulated glass helps maintain constant interior temperatures year-round
- Warm-edge spacer system maximizes energy efficiency and improves seal performance of insulated glass units
- Exterior glazed
- Optional StormArmor impact-resistant product enhancement is ideal for coastal applications

PRODUCT DETAILS
- 2” frame depth
- ⅜” insulated glass unit
- Fin and ½” (Florida) flange available
- Custom shapes available
100 Series Sliding Glass Door

FEATURES & BENEFITS
- Warm-edge spacer system maximizes energy efficiency and improves seal performance of insulated glass units
- Woolpile weatherstripping aids in enhanced performance ratings
- Tandem composite adjustable rollers provide our smoothest and easiest operation
- Exterior wet glazing ensures optimal coastal performance
- Optional StormArmor impact-resistant product enhancement is ideal for coastal applications

PRODUCT DETAILS
- Sill depth
  - 120 door—6 7/32”
  - 130 door—8 7/16”
  - 140 door—10 3/32”
- 1 1/16” tempered insulated glass unit
- Two-, three-, and four-panel configurations available (120, 130, 140)
400 Series Sliding Glass Door

FEATURES & BENEFITS
- Warm-edge spacer system maximizes energy efficiency and improves seal performance of insulated glass units
- Woolpile weatherstripping aids in enhanced performance ratings
- Tandem steel adjustable rollers for ease of operation
- Flush-mount lock with low-profile finger pulls offer improved aesthetics
- Marine glazing ensures optimal coastal performance

PRODUCT DETAILS
- Sill depth
  - 420 door—5 ¾”
  - 430/440 door—6 ¼”
- 3/8” tempered insulated glass unit
- Two-, three-, and four-panel configurations available (420, 430, 440)
- Extruded aluminum screen available on most configurations
- Pocket door available
Color Options

Painted aluminum extrusions offer dependable, even color distribution for windows and doors that are timeless, durable, and attractive. MI offers three product colors, providing options for any home.

![Color Options](image)

Grid Options

Our aluminum products are offered with flat grids-between-the-glass which match the color of your window frame or white simulated divided lite grids. With pattern options extending far beyond those shown below, you are able to make your home your own personal statement.

![Grid Options](image)

* Driftwood available on 100 and 400 Series sliding glass doors only
* Simulated divided lite grids available on 180 Series windows only
