BORN IN 2015 from the care and compassion of our team, the MI Charitable Foundation was created to formalize support within our communities and the causes close to our hearts. Outreach committees at our six physical locations are empowered to plan and engage in fundraising and volunteer events they are passionate about, and the result has been rapid growth that continues to humble and inspire us.

In addition to local giving, we’ve partnered with three national organizations to support two noteworthy causes: conquering childhood cancer and providing homes for our veterans.

The MI Foundation is more than financial support—it’s a group of people helping others in any way we can. With compassion at our core, we know our social responsibility is as important as the care we put into every window we make, and we’re dedicated to continually impacting our communities and the causes that drive us.
