The 1355 vinyl single-hung replacement window offers crafted features that provide **exceptional durability and energy efficiency**. With standard features that include a constant-force balance system and easily removable bottom sash, the 1355 single-hung window combines style, ease of use, and dependable, proven performance suitable for any replacement window project.

**PERFORMANCE FEATURES**
- Warm-edge spacer system maximizes energy efficiency and improves seal performance of insulated glass units
- Welded, multi-chambered frame and sash for superior strength and energy-efficiency
- Heavy-duty weatherstripping for protection against wind, rain, dust, and noise
- Metal-reinforced sash and meeting rail deliver strength and durability
- Recessed tilt latch for improved aesthetics and easy cleaning
OUR MISSION
Getting It Right Every Time
We build each of our products the same way we built our company: with integrity and precision. Every MI window and door is handcrafted in the United States using state-of-the-art manufacturing techniques, and is backed by vigorous in-house testing procedures. We are 100% committed to offering the styles, value, and performance you’re after.

Discover everything we have to offer at miwindows.com, or by calling 1-717-365-3300.

Experience Clarity™

CREATE A CUSTOMIZED LOOK
HARDWARE FINISH OPTIONS
• Color-matched

GRID TYPES & SIZES
• ¼” flat grids-between-the-glass
• ⅜” flat grids-between-the-glass
• ⅞” sculptured grids-between-the-glass

GRID PATTERNS

VINYL/EXTRUDED COLORS

SAFETY & SECURITY FEATURES
• Forced-entry-resistant cam lock provides reliable protection from intruders
• Optional tempered glass is four times stronger than non-tempered glass and safer if broken
• Optional obscure glass allows light in while protecting privacy
• Optional Window Operating Control Device (WOCD) restricts sash opening and reduces the risk of accidental falls

SIZING
MINIMUM & MAXIMUM (available in ¼” increments)
• 16 ¼”–38” wide x 23”–78” high

ENERGY-EFFICIENT GLASS PACKAGES
Our dual-pane insulated glass package options help save on heating and cooling costs while enhancing home comfort
• In cool weather, insulated glass provides outstanding thermal performance to keep interior glass surfaces closer to room temperature, eliminating cold spots near windows
• In warm weather, it helps reduce solar heat gain and minimize glare to improve interior comfort
• Able to meet ENERGY STAR® requirements in North-Central, South-Central, and Southern climate zones
