

1556 Vinyl Double-Hung Window

The 1556 vinyl double-hung new construction window offers crafted features that provide **exceptional durability, energy efficiency, and ease of installation.** Featuring a stylish beveled exterior profile, true-sloped sill, tilt-in sashes, and optional exterior paint and brickmould accessory, the 1556 is an aesthetically pleasing window that offers enhanced curb appeal for any newly built home.

PERFORMANCE FEATURES

- Warm-edge spacer system maximizes energy efficiency and improves seal performance of insulated glass units
- Interlocking sashes help reduce air infiltration
- Metal-reinforced meeting rail delivers strength and durability
- Dual, tilt-in sashes enhance functionality and simplify cleaning and maintenance
- True sloping sill optimizes water drainage and eliminates unsightly weep holes
- Inverted-coil balances with detent clip prevent sash from drifting, and provide smoother operation and lower operating force

Welded multi-chamber mainframe design

3 1/4" frame depth

True-sloping sill

Dual- or triple-pane insulated glass

Optional	

Designed smarter, from the inside out

ENGINEERED TO PERFORM

- 3 1/4" frame depth
- 3/4" insulated glass
- Multi-chambered construction
- Wood extension jambs available for 4 9/16", and 6 9/16" wall depths

CONVENIENCE & STYLE

The 1556 features the following design details on every window:

- Beveled exterior profile
- Mortised recessed locks
- Tilt-in sashes
- Optional exterior brickmould and 3 1/2" flat casing

SAFETY & SECURITY FEATURES

- Roll-form full screen allows fresh air in, and keeps pests out
- Optional tempered glass is four times stronger than non-tempered glass and safer if broken
- Optional obscure glass allows light in while protecting privacy
- Optional Window Operating Control Device (WOCD) restricts sash opening and reduces the risk of accidental falls

SIZING

MINIMUM & MAXIMUM (available in 1/4" increments)

- 15"–48" wide x 28"–80" high
- 48 1/8"–52 1/2" wide x 24 1/2"–60" high

ENERGY-EFFICIENT GLASS PACKAGES

Our **dual-pane** insulated glass package options help save on heating and cooling costs while enhancing home comfort

- **In cool weather**, insulated glass provides outstanding thermal performance to keep interior glass surfaces closer to room temperature, eliminating cold spots near windows
- **In warm weather**, it helps reduce solar heat gain and minimize glare to improve interior comfort
- Able to meet **ENERGY STAR**® requirements in all four climate zones

OUR MISSION

Getting It Right Every Time

We build each of our products the same way we built our company: with integrity and precision. Every MI window and door is handcrafted in the United States using state-of-the-art manufacturing techniques, and is backed by vigorous in-house testing procedures. We are 100% committed to offering the styles, value, and performance you're after.
