

A2000

Patio door

MODEL 400

Featuring unique multi-slide and pocket configurations nearly 16' wide, the A2000 aluminum patio door is the ideal solution to help bring the outside in for any new home construction, remodeling, or renovation project. Features such as reversible panels and adjustable tandem steel rollers simplify installation and aid effortless operation. Multiple color options and grids are available to complement any home design.

What you can expect

ENERGY EFFICIENCY

Our dual-pane insulated glass package options help save on heating and cooling costs while enhancing home comfort.

- In cool weather, it provides outstanding thermal performance to eliminate cold spots near windows.
- In warm weather, insulated glass reduces solar heat gain and minimizes interior glare.

CONVENIENCE AND STYLE

- Adjustable steel rollers provide for smooth, effortless operation
- Woolpile weatherstripping helps reduce air infiltration
- Dual mortise lock for security with option of low-profile finger pull for improved aesthetics or wooden pull for added peace-of-mind and convenience
- Two-, three-, and four-panel configurations plus pocket options allow for vast and unique openings
- Optional extruded aluminum screen allows fresh air in while keeping pests out†

Engineered to perform

- Available frame styles: finless, flange
- Sill depth: 5 3⁄8" (420); 6 7⁄8" (430 & 440)
- Marine glazing ensures optimal coastal performance

Energy efficient glass

GLAZING TYPE	U-VALUE	SHGC	STC
