

AX4500 Pocket Moving Glass Walls

Offering the latest in innovative design, the AX4500 Pocket Moving Glass Walls are built to bring the outside in. Boasting continuous lines for uninterrupted views, stainless steel ball-bearing rollers for ease of operation, and numerous aesthetic upgrades for enhanced curb appeal, the AX4500 is an aluminum patio door that combines style and substance.

What you can expect

TOP-NOTCH ENERGY EFFICIENCY

Featuring Low-E glass, argon gas in-fill, and dual-paned panels, the AX4500 Pocket Moving Glass Wall offers a stellar energy performance. With the AX4500 Pocket Moving Glass Wall, you'll experience comfortable interior temperatures regardless of the season.

CLEAR SIGHTLINES

Featuring wide panels and expanded glass, the AX4500 Pocket Moving Glass Wall offers clean, even sightlines. Whether your home looks out onto a bustling cityscape, pristine farmland, or a suburban park, you'll have excellent vantage points to enjoy the view.

DURABILITY AND WEATHER RESISTANCE

Constructed with high-quality materials, AX4500 Moving Glass Walls are built to withstand various weather conditions. The aluminum frames are durable and resistant to corrosion, while the advanced sealing technology helps to keep out wind, rain, and other elements, maintaining functionality and aesthetics.

Engineered to perform

- Available in three- and four-panel configurations
- Slides neatly out of the way into “pockets” in the wall
- Available with water barrier and flush sill options
- Can achieve a U-factor of 0.41
- Meets or exceeds all standards set by the National Fenestration Rating Council
- AX4500 Moving Glass Walls come with a Lifetime Limited Warranty

Energy efficient glass

Our dual-pane insulated glass option enhances energy efficiency in various weather conditions, helping to save on heating and cooling costs while improving home comfort.

- In cool weather, insulated glass provides outstanding thermal performance to keep interior glass surfaces closer to room temperature, eliminating cold spots
- In warm weather, it helps reduce solar heat gain and minimize glare to improve interior comfort

GLASS PACKAGE	U-VALUE	SHGC
