

# **FLEXSCREEN**

*The worlds first flexible window screen.*

- **Frame Dimensions**
  - .3125 wide
  - .115 - .180 thickness (size dependent)
- **Frame Material**
  - C1065 Phosphated, High Carbon, Oil Tempered, Spring Steel
  - Tensile - 220,000 - 240,000 PSI
  - Coating - Exterior Grade, Duralloy PVC (15+ mil thickness)
- **Weather Resistance Testing**
  - No effect in 4,000 Salt Spray Exposure
- **Cycle Testing (Normal Flexing Motion)**
  - 50,000+
