

V4500 Series Sliding Patio Door

Available in two-panel and three-panel configurations, the V4500 sliding patio door will truly bring the outside in. With its narrow profiles – allowing greater viewing space – and sleek appearance, this vinyl sliding patio door will give your home curb appeal while ushering ample amounts of natural light into your space. And thanks to its twin tandem rollers, the V4500 slides along the track with minimal effort.

What you can expect

DURABILITY

Boasting the latest in modern engineering, the V4500 sliding patio door has numerous features that add to the door's strength without sacrificing aesthetics or ease of use.

- The FiberCore™ fiberglass-infused structural meeting rail helps provide added strength and efficiency
- The galvanized steel lock stile reinforcement increases the door's structural strength

CONVENIENCE AND STYLE

- Concealed three-point locking system improves security
- Several exterior frame colors are available
- Top hung screen enables easy operation
- Low-E glass and argon gas options improve energy performance
- Narrow profiles enhance viewing space
- Blinds-between-the-glass option provides privacy

Engineered to perform

- Welded, multi-chamber frame and sash
- Available frame styles: nail fin, finless
- Optional OptiView™ Clarity mesh screen allows fresh air in while providing particle protection
- Product has passed rigorous testing for water penetration, air leakage, structural integrity, and forced entry
