# V2000

## WHY WE'RE THE RIGHT CHOICE.

MI offers beautiful, worry-free windows and patio doors to frame each of life's little moments. Our exacting manufacturing processes and the innovations we develop mean you get reliable windows and doors that perform year after year. With MI, you'll receive a level of service and quality others simply can't match, backed with an industry-leading warranty.

100

# Framing home in a new light

The path to perfect windows and doors has never been more clear. From tranquil mornings to family dinners, MI seamlessly connects you to what matters most: windows and doors that frame life's most meaningful moments.

As a trusted brand for more than half a century, MI offers products that promise long-lasting comfort, protection, and exceptional quality day after day, year after year.

---

#### EXPERIENCE IS EVERYTHING

---

Our experts match you with attractive, reliable windows and patio doors that best fit your home, your needs, and your price point.

---

#### CONFIDENCE TO CREATE

---

We deliver the highest-quality windows and patio doors through our passion for craftsmanship and a relentless pursuit of 100%.

---

#### EVERY DETAIL, EVERY DAY

---

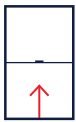

From robust testing and precision manufacturing processes to the innovations we develop for your comfort, every detail matters.

# Bring your home to life

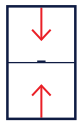

Aesthetically pleasing and functional, the V2000 Series windows and patio doors will enhance your home without breaking the bank. These products are available with numerous color and grid options, allowing you to complement your home's interior and exterior in endless ways. Built with a warm-edge spacer system and the latest in innovative vinyl design, our V2000 Series windows give you the energy efficiency and overall performance you've been craving for your home.

### Grids between the glass

A variety of grid styles sandwiched between dual-pane glass provides design flexibility while allowing for easy cleaning.

STYLISH DESIGN

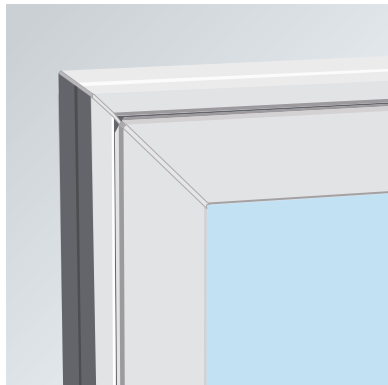

### Frame profiles

Multiple frame profiles give you a number of options to customize the look of your home.

## FRAME OPTIONS

Buying windows doesn't have to be complicated. MI makes it simple, from the planning stages through project completion. We'll help you understand which frame type suits your project needs and home style.

### Finless

Commonly used for replacement projects, this window inserts into your existing frame, leaving interior and exterior trim undisturbed.

### Fin

Nailing fins are often used for new home construction or renovations with exposed studs. The fin is fastened directly to the rough opening.

### Flange

The flange on the exterior of the window covers and seals the frame on homes with stucco and is most commonly used with masonry block.

## TRIM OPTIONS

Flat casing is a hallmark of the classic American home. This distinctive exterior trim package is installed in a factory-controlled environment and backed by an industry-leading warranty, providing a virtually maintenance-free window that looks great. Our 3.5-inch flat casing provides timeless style and is a great way to enhance the curb appeal of your home.

### 3 ½ Inch Flat Casing

---

## OUR APPROACH

---

Our windows insulate as well as elevate, tirelessly working to seal out the elements and create homes that are protected, comfortable, and quiet. The path to perfect windows and doors has never been more clear.

## Window features

---

### 1 DUAL-OPPOSING LOCKS

Dual-opposing locks create a stronger, safer seal, giving you added security and peace of mind.

### 2 ENERGY EFFICIENCY

Designed to block infrared rays, Low-E glass increases your window's energy efficiency. The V3000 Series products are available with Low-E or high-performance Low-E options.

### 3 BUILT TO PERFORM

The welded, multi-chambered frame and sash enhance durability and improve energy efficiency.

### 4 WARM-EDGE SPACER

Composite spacer system is less conductive than metal spacers, enhancing comfort and thermal performance.

### 5 GRIDS

Choose any number of grid designs for an aesthetic appearance that best captures the style of your space. Grids are available between the glass and on the glass.

“WE’VE BEEN EXTREMELY  
PLEASED WITH THE  
V2000’S PERFORMANCE.”

- Pennsylvania

# Create seamless transitions

Our V2000 Series sliding patio door effortlessly merges exterior and interior spaces, making your home appear larger while bringing more sunlight into your living area. Durable, secure, and easy to operate, the V2000 door has state-of-the-art components to complement its first-rate aesthetics.

## HARDWARE

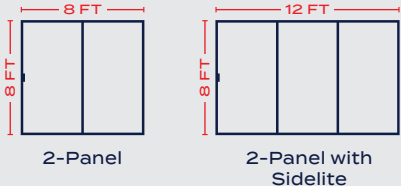

Standard Interior Handle

### STANDARD HARDWARE FINISHES

## VINYL EXTRUSIONS

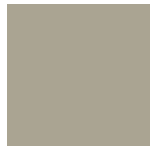

Solid vinyl extrusions offer even color distribution inside and out for windows and sliding glass doors that are timeless, durable, and attractive.

White

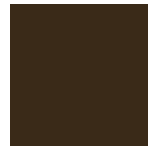

Almond

Clay

## LAMINATE

Available in black and bronze, our laminates combine timeless beauty with the latest in durability and performance.

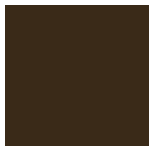

Bronze

Black

## EXTERIOR PAINT

Vinyl windows and sliding patio doors are now available in a multitude of painted exterior colors. Whether you desire black, cream, green, almond – or something else entirely – the V2000 Series windows and doors will suit your needs.

Bronze

Cocoa

Cream

Forest Green

Black

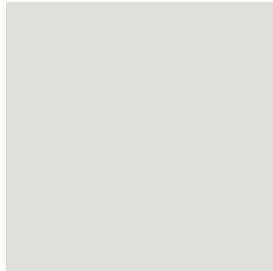

Almond

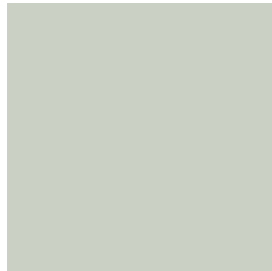

Clay

## GLASS

Select Low-E glass or choose from one of two privacy options.

Low-E

HP Low-E

Obscure

Rain

## ENERGY EFFICIENCY

Our products are designed to meet and often exceed ENERGY STAR® standards in the climate zones we serve. Our warm-edge spacers help to lower conductivity, improve argon gas retention, and increase condensation resistance. Low-E coatings help reflect the sunlight away from your home, maintaining interior temperatures.

### What is Low-E?

Low-E glass blocks the bad stuff and lets in only the light you want.

## GRIDS

Grids between the glass add style and allow for easy cleaning. Simulated divided lites (SDL) create a more historical look, while simulated meeting rails (SMR) can create a consistent look among varying operating styles.

Flat Grids  
Between the Glass

Sculptured Grids  
Between the Glass

Simulated  
Divided Lite\*

2" Simulated  
Meeting Rail\*

\*SDLs and SMRs not available on V2000 Series patio doors.
